

We Pay Taxes and 4% Interest on Savings Accounts of Any Amount

Our announcement of increased interest rate from 3 per cent to 4 per cent has already attracted much attention among depositors from this section and also from other towns.

Four per cent interest on idle money, in addition to having this money safeguarded, makes a savings account a very profitable investment—one which appeals to almost everyone.

Our policy is, however, even more liberal, for we pay all taxes on savings deposits and we accept deposits without limit.

If you will pause to consider what this means you will find it very much to your interest to invest your money in this bank—where your returns will be large, and where you may always secure the principal when you desire it.

By the way, have you seen our new safety deposit boxes?
